

RVS College of Arts and Science signed MoU with Infosys BPO on 1st July 2014

Purpose/Scope of the Collaboration

Student/Education

Promote academia- industry interaction

** To introduce the Global Business Foundation Skills(GBFS) courseware for students at Undergraduate levels across all streams*

**Create awareness of the ITES/BPO industry.*

**Increase employability for the students by providing training in relevant skills (communication and analytical skills).*

Providing an opportunity for students to interact with industry professionals.

Faculty:

**Faculty Enablement Programs with Infosys BPO.*

Interaction with subject matter experts

Industry exposure

Each Faculty member who has been trained on GBFS, will train minimum of 50 students on the GBFS content.

College/University and Industry:

Alignment of industry requirements with the College/University curriculum,so as to ensure that more number of students would be eligible for industry employments at the time of their graduation.

The College shall encourage the assessment of students having undergone the various programs to measure the skill development.

Providing the guidance on usage of technology to enhance education system and administration.
